

## **Information that scouts, leaders and parents need to know before the proposed Girl Scout Day on Jan 16, 2010.**

The next Girl Scout Day will be on January 16, 2010, from 10am until 2pm. Lunches may be brought with you and eaten in the town park (next door to the lighthouse). There are rest rooms and water fountains on the lighthouse grounds.

This event was created to give area Girl Scouts the opportunity to learn about Florida Lighthouses and lighthouse history. Badges were created for Brownies, Juniors and Cadettes/Seniors and Ambassadors, with various badge requirements able to be met on January 16<sup>th</sup>. When you arrive, go to the tent in front of the Gift Shop, and pick up your packet of information (Workshop Schedule, Requirements Sheet, etc.)

- Plan on 4 hours for the Girl Scout program. There will be time to attend all workshops, climb the tower, and see all the museum buildings.
- **No water bottles, food or back packs are allowed on the museum grounds.**
  - **Water fountains are located on the grounds.**

This event is designed to be a fun outing at the lighthouse, if there are over 100 scouts registered, we will put them into groups by levels (Brownies, Juniors, and Cadettes/Seniors/Ambassadors). Upon arrival you will receive a schedule that will direct your **GROUP** to the appropriate workshop. The workshop schedule is very generous time-wise, with plenty of time to visit the other museum buildings and climb the lighthouse tower. After each workshop, the scouts will get their "Requirements Sheet" stamped.

### **Brownies - Try-It Badge**

Brownies will be able to complete all four of their Try-It badge requirements on January 16<sup>th</sup>, and may purchase their Try-It badge, for \$1.00, at the entrance tent (while supplies last).

### **Juniors - Proficiency Badge**

Juniors will be able to complete four of the six requirements for their Proficiency Badge. Forms to order the Proficiency Badge will be available at the entrance tent.

### **Cadettes/Seniors/Ambassadors - Interest Project Award**

The girls will be able to complete five of the seven requirements for their Interest Project Award. Forms to order the Project Award will be available at the entrance tent.

**For the convenience of all, registration and pre-payment for the January 16<sup>th</sup> event will be done via our web site starting December 15, 2009. Just use the following instructions:**

Go to [www.ponceinlet.org](http://www.ponceinlet.org)

Click on Merchandise (in the left column)

On the next screen, look in the left column for "Girl Scout Day Registration", and click on it. Scroll down to place your ticket order then follow the prompts.
